

November 18, 2022

Maintaining our front yards is a top priority in order to increase our property values. Underwatering or overwatering grass can lead to brown or dying grass. So can fungal diseases, animal digging, grub damage, dog urine, cutting your grass too short, heat and drought. Please take a look at your yards and make necessary improvements. My landscaper has recommended MicroLife (<https://www.microlifefertilizer.com/homeowners>). I will be running out to buy some for my grass. Also, if you are looking to add some new plants to your yards, Houston Garden Centers is currently having a sale!

Tealwood Security Monitoring:

The Harris County Constable's Office Pct.5 monitors the entire Tealwood neighborhood. Deputy Victor J Hernandez Jr. can be reached at 281-463-6666 for any concerns or issues.

Trash Notice

Please help us to keep our neighborhood in pristine condition.

We ask that trash bags be left out for pick up the day before or day of trash pickup only. We are continuing to see trash out days ahead of trash pickup. Please be reminded that we each pay for backdoor service so if you catch the Texas Pride collectors, let them know if you would like to keep your trash at your backdoor. Please also remind your lawn maintenance crew to keep the lawn trash in the back where it is not visible.

Political Signs:

This a reminder that Political signs may be displayed on or after the 90th day before the date of the election to which the sign is related and should be removed before the 10th day after that election date. Signs should be coming down 11/18/22.
